

OSU Seed Lab Access Authorization

The OSU Seed Laboratory provides reports and test information only to those listed on the original sample certificate. To grant access to additional parties, this form must be approved and signed by a party listed on the original sample certificate, e.g. warehouse or grower. To add tests or services to existing samples please use the Additional Tests Order.

Add _____ (Company name) as a CC for the following samples. This provides web access to test information and all reports. Copies of future reports will automatically be sent. There is no charge for this service; however, if you wish existing reports to be reissued with the added name, charges may apply.
