Other Info or special instructions:

Prepare your seed sample by sealing with tape as needed to prevent seeds from leaking from the top, bottom or corners. If you are requesting a moisture test, the sample must be sent in a moisture-proof container, such as a zip-top plastic bag or a vacuum-sealed bag.

Please note: test reports will not be emailed, but will be available to view and download by logging in to the OSCS website:

<https://w3.oscs.orst.edu/online/>

See the OSU Seed Lab website for tutorials on the navigation of the OSCS website: <https://seedlab.oregonstate.edu/customer-help-center>

The AOSA seed testing protocols are the standard procedures for domestic seed testing in the United States. They are the default procedures for the OSU Seed Lab unless otherwise requested by the customer. For more information, refer to their website at <https://www.analyzeseeds.com>

By submitting this form, you are agreeing to the charges and service fees for testing requested above. Invoices are issued on the 10th of each month for testing ordered in the previous month, and full payment is expected within 15 days of receipt of the invoice. Additional hourly charges may apply for samples that require unique preparation or are highly contaminated. You will be notified before we continue with testing if more than an hour of additional charges is expected. Current fees can be found at: <https://seedlab.oregonstate.edu/fees>
